

Job description: Junior Economist - SDGs and Agenda 2030

The GREEN research center at Bocconi University is seeking a junior economist who will work as a research assistant in a project aimed to develop a National Urban Agenda for sustainable development based on the United Nations 2030 Agenda.

The project activities are:

- Data collection and analysis
- Development of surveys and interviews
- Writing of reports and scientific papers
- Participation to research team activities

Requirements:

- Post-Graduate Degree in Economics/Environmental economics. Preference will be given to candidates with relevant work experience and/or holding a pertinent master
- Knowledge of the Agenda 2030
- Work or study experience in projects focused on sustainable urban development
- Competences in quantitative analysis (data mining, statistical analysis)
- Strong written and oral communication skills in Italian and English.

Job duration: six months, with the possibility of renewal.

Job location: Via Guglielmo Roentgen 1, 20136 Milan (Italy)
